Alma Levy

FULL STACK DEVELOPER

Haifa, Israel | +972-58-783-4519 | almalevy100@gmail.com

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building web applications and high-fidelity operational training simulators. Proficient in React, Next.js, TypeScript, Node.js, Python, and MongoDB, with end-to-end ownership from requirements and architecture to development, performance optimization, and deployment.

MILITARY EXPERIENCE

Full Stack Developer | Israeli Air Defense Command, Israeli Air Force (IAF)

2023 - Present | Mandatory service 2023 - 2025; reserve duty 2025 - Present

- Developed and maintained complex air defense training simulators, building frontend interfaces in React and backend services in Node.js and Python.
- Owned the full development lifecycle from operational needs assessment and system architecture to implementation, testing, and delivery.
- Collaborated directly with commanders and operators, translating mission requirements into technical specifications and training solutions.
- Independently researched and resolved complex engineering challenges while meeting demanding operational deadlines.

ADDITIONAL FULL STACK EXPERIENCE

Full Stack Developer | Independent Web Projects

- Designed, developed, and deployed end-to-end web applications using React, Next.js, TypeScript, and Node.js.
- Improved application performance through database query optimization, and managed web hosting, domain setup, and deployment.

SELECTED PROJECTS

Memorial Site Platform | Built and deployed a dedicated website enabling families to honor loved ones and share memories. View website

eSIM Comparison Platform | Developed a dynamic comparison application with Next.js and MongoDB to help users evaluate mobile data options.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, Tailwind CSS

Backend: Node.js, Python, REST APIs

Database: MongoDB, Query Optimization

Tools & Deployment: GitHub, Postman, Vercel, Web Hosting, Domain Configuration
